DETAILED ACTION

Allowable Subject Matter

1. Claim 10 is allowed (renumber claim is 1).

The following is an examiner's statement of reasons for allowance: the references cited disclose a foldaway electronic device comprising a base unit, a cover unit, and a flexible cable, the flexible cable extends between the base unit and the cover unit via the respective end portions of the cover and base units, and some other claimed elements. However, they do not disclose or render obvious in combination of the foldable electronic device comprising the flexible cable having a flexible base, inner and outer conductor patterns, the conductor patterns being added to a signal transmission pattern atop the flexible base, a portion of the flexible base being disposed between the inner conductor and the outer conductor so as to form an inner insulator.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Toedter and Dilley et al. disclose related art.
